WORK EXPERIENCE

Freelancer Developer | Remote | September 2023 – Present
- Designed and developed diverse websites, including E-commerce platforms, Learning Management Systems (LMS), business websites, and fully customized solutions.
- Resolved complex bugs and implemented improvements in multiple projects.
- Provided ongoing development support for digital agencies.
- Achieved a 5-star rating on 30+ completed Fiverr orders.
- Maintained consistent communication with clients to understand their goals, provide expert guidance, and deliver high-quality results.

Full Stack Web Developer PPC | Remote | January 2024 – August 2024
- Worked on the backend using Django, Django REST Framework and PostgreSQL, and on the frontend with React/Next.js.
- Integrated Mailgun as the email service, and Stripe as the payment method.
- Used Django ORM for efficient data handling and ensured smooth user experience through robust API development and responsive design techniques.

Full Stack Developer Muchticket | Rosario, Argentina | March 2022 – July 2023
- Joined MuchTicket to help developing a new system using best Django practices, addressing the critical state of the existing project code.
- Collaborated with the head developer to add new features, including reports for ticketing managers, API views for the mobile app, and fees management.
- Integrated multiple payment methods such as PayPal, CyberSource, PlusPagos, SiemprePago, BaniPay, and Livees.
- Creation of templates using HTML, CSS, Bootstrap and JavaScript.

Full Stack Developer Litoral Celulares | Rosario, Argentina | February 2021 – February 2022
- Developed an e-commerce website using Python, Django, MySQL, HTML, CSS, JavaScript / JQuery, and deployed it using Nginx / Gunicorn, following boss' guidelines and requirements.
- Managed the website post-development, including adding new features, fixing bugs, and supporting the staff who worked with the website.
- Enabled over 150 wholesale resellers to make purchases directly through the website, reducing the need for physical store visits.
